**Kudos! To the Pro-active And swift move by the
Anti-terrorist task Force!!!!**

It was with great pride and a sense of patriotism that we members of the Ethiopian Diaspora learnt of the selfless and heroic deeds of the members of the Ethiopian anti-terrorist task force in nipping the OLF and AL-Shebab terrorists in the bud by foiling their futile bid to hamper the up-coming election.

We are abundantly clear and confident that the mercenaries and sale-outs recruited and deployed by the debased and hated notorious regime of Eritrea, the self-appointed macho of sabotage and mayhem in the greater Horn of Africa region, can't tip the clock backwards.

It is appropriate to reminisce that anti-peace elements from within and without, have been arraigning themselves to create havoc and turmoil currently, when the Ethiopian people are poised to pass the ultimate verdict of their governance for the coming five years by putting the final seal of their vote through the ballot box, decidedly peacefully in a fair, free, democratic and credible manner.

The unbounded valor and the unremitting stand vigorously exhibited by the gallant sons and daughters of our nation in thwarting and foiling all attempts to disrupt the election process and tarnish the good image of our country amply

deserves an uninhibited extension of praise and glory from all corners who have a stake in the triumph of the over-all and all-round development results that Ethiopia continues to register.

It is our unshakable belief that with the vigilance and the undaunted determination of all peace-loving forces, the up-coming election shall be crowned with its anticipated objective and motto as an election credited to pass as democratic, free, fair, peaceful and credible in the eyes and judgment of the Ethiopian people and the International community.
